

PUMPS

HYDRAULIC PUMPS

Cordless Hydraulic Pump

Working pressure: 700 bar
 Performance of a Powered Pump
 Portability of a Hand Pump
 18-Volt Battery provides maximum battery performance.

Characteristics:

- Lightweight design with carrying handles for portability.
- 3 work modes optional for crimping, cutting, punching applications.
- LED status display allows real-time monitor of the system pressure.
- 18V powerful battery delivers exceptional speed and run time.
- Straight through solenoid valve with pendant allows remote control for operator safety.
- High strength molded shroud protects motor and electrical parts from contamination and damage.
- Built-in safety valve prevents overload.
- Supplied with 1.5 meters high pressure hoses and couplers.
- Supplied with 18V/4.0Ah battery(2 pcs) and charger(1 pc).

Model	HHB-700LD
Working pressure	700 bar
Oil capacity	760ml
Packing dimensions(cm)	32X32X20
Weight	5.5kg
Accessories	
Battery	2 pcs
Charger	1 pc
High pressure hose 1.5 mts	1 pc
Hand-held pendant	1 pc
