

3-in-1 Busbar Processor HHM-150H and HHM-200H

Mobile workbench including all machines for Cutting, Bending and Punching copper busbars

Characteristics:

- Working pressure 700 bar, powerful yet quiet running.
- Robust and stiff frame, strong structure.
- High quality cutting, bending and punching, fast cycle time.
- High operating safety with the built-in safety system.
- Low-maintenance, long service life.

Model	HHM-150H	HHM-200H
Voltage	220V/380V	220V/380V
Output cutting force	20 ton	35 ton
Output punching force	31 ton	35 ton
Output bending force	16 ton	16 ton
Cutting Max.	150 x 10 mm	200 x 12 mm
Punching	10 mm	12 mm
Bending Max	150 x 10 mm	200 x 12 mm
Throat depth of punching	70 mm	110 mm
Punching dies	3/8"(11.1mm), 5/8"(17.5mm) 1/2"(14.3mm), 3/4"(20.6mm)	3/8"(11.1mm), 5/8"(17.5mm) 1/2"(14.3mm), 3/4"(20.6mm)
G.W.(kg)	176	195
Packing size	90×66×122 cm	90×66×122 cm
