

## Hand Cable Cutters

Hand-operated cutting tool for Cu and Al cables, also for multi-stranded cables

Shown from top to bottom:  
HHD-500L, HHD-250L, HHD-125L

**Characteristics:**

- Aluminum handle.
- Two-handed operation provides more leverage.
- Made of high quality materials.
- Rust-proof and surface-finished.

Model	Cutting range (mm <sup>2</sup> )	G.W. (Kg)	Packing size(mm)
HHD-125L	120mm <sup>2</sup> (copper and aluminum wire)	0.75	325×115×25
HHD-250L	240mm <sup>2</sup> (copper and aluminum wre)	1.8	600×165×30
HHD-500L	400mm <sup>2</sup> (copper and aluminum wire)	3	820×175×30

## Hand Cable Cutters

Hand-operated cutting tool for Cu and Al cables, also for multi-stranded cables

Shown from top to bottom:  
HHD-500, HHD-250, HHD-125

**Characteristics:**

- Two-handed operation provides more leverage.
- Large cutting range.
- Not suitable for cutting steel or steel wire.

Model	Cutting range (mm <sup>2</sup> )	G.W. (Kg)	Packing size(mm)
HHD-125	120mm <sup>2</sup> (copper and aluminum wire)	0.65	370×110×25
HHD-250	240mm <sup>2</sup> (copper and aluminum wre)	2	620×210×30
HHD-500	400mm <sup>2</sup> (copper and aluminum wire)	3.5	750×210×30
