

## Product Parameters

### Split Hydraulic Pliers

FYQ-500

Model	FYQ-500	Stroke	25mm
Tonnage	25T	Crimp Range	16-500mm <sup>2</sup>
Mold configuration	16/25/35/50/70/95/120/150/185/240/300/400/500mm <sup>2</sup>		

## Product Detail

High hardness mold

Humanized handle

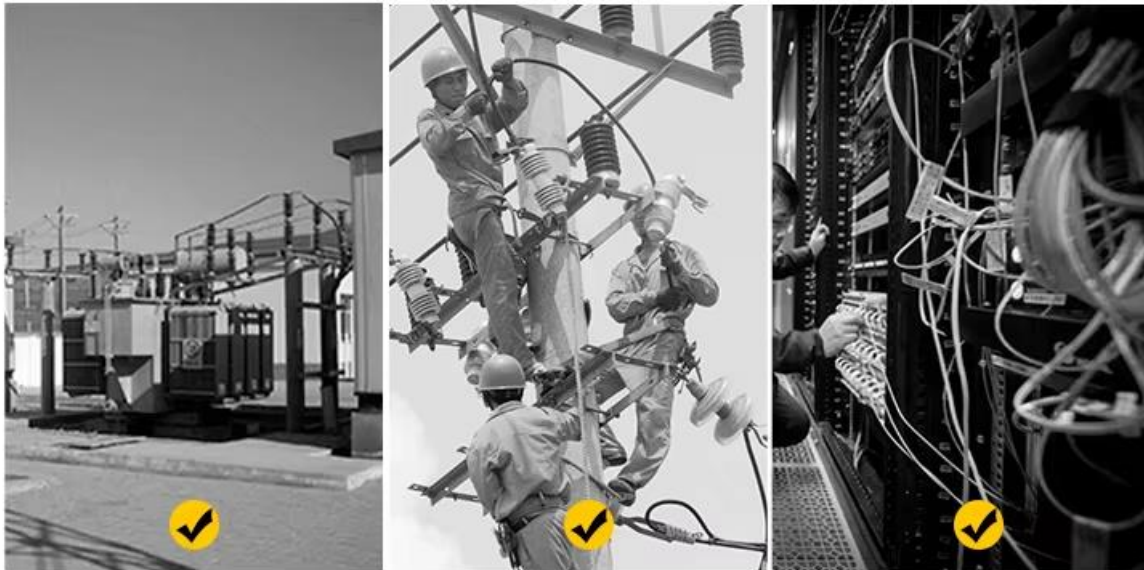

Plug

NPT 3/8 Male Coupler

## Product application range

It is an ideal hydraulic tool suitable for the intermediate connection of copper and aluminum terminal interfaces of cable conductors and end sealing and link pipes, as well as tools for industrial and agricultural power units such as communication, transportation, petrochemical, metallurgy and shipbuilding.

## Product Detail Presentation

### Male connector + dust cap **1**

Precise and convenient connection, effectively prevent dust

### Openable hydraulic pliers head **2**

Unplug the pin for easy insertion and removal when crimping the copper-aluminum nose.

### Humanized handle design **3**

Enlarged and widened handle, more convenient to carry

### Requires hand pump or electric pump **4**

This product does not come with a pump and needs to be purchased separately
