

Foot Operated Hydraulic Pumps

Working pressure 700 bar

These pumps are one-way for single-acting hydraulic applications

Characteristics:

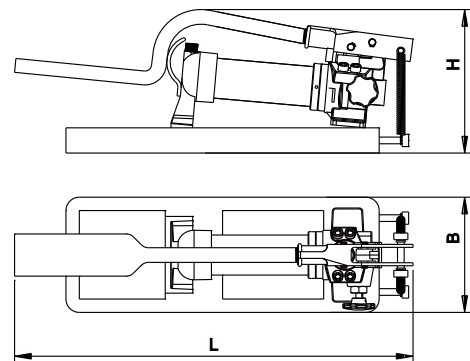

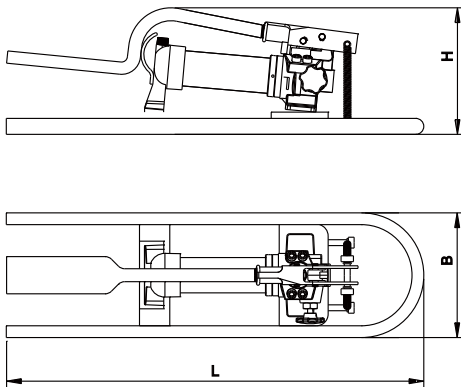

- Robust, durable and compact.
- For handsfree operation.
- Foot pedal lock and lightweight construction for easy carrying.
- Two-speed operation reduces foot pedal strokes.
- Large hand knob release valve for controlling load descent.
- Internal pressure relief valve for overload protection.
- Supplied with high pressure hose 1.8 meters and R2 3/8 quick coupler with dust cap.
